# GIVI IN THE WORLD

## COMPANY

The Company GIVI was founded in 1978 by an intuition of Giuseppe Visenzi, a talented rider during the sixties in several World Championship categories, and very soon became a leading company in the sector of motorcycle accessories.

The success of its products crossed the national boundaries in a very short time thanks to the passion and to the enterprising ability of its founder, who was assisted with great care and the determination by a work team that has always been able to think of and realize new products.

Particularly decisive is the constant research carried out with the aim of developing materials and the use of new production technologies.

The result is now a range of accessories that are not only accessories, but proper complements for motorcycles, efficient, technologically advanced and always with a new and winning design. GIVI, whose production facilities and head quarters are located in Flero, in the industrial heartland of Brescia, is now able to offer its products in more than 50 Countries, with direct branches in France, UK, Spain, Germany, USA, Brazil, Malaysia and in Vietnam and India.

This widespread diffusion makes it possible to satisfy the needs of every motorcyclist everywhere in the world.

GIVI boasts a production site that covers an area of over 30.000 sq mtrs, with a staff count of more than 100 employees, that take great care in all production phases, from the research / product planning up to its distribution, and is able to make use of the most modern technologies available, in order to obtain production responding to the market requests and characterized by a high technological content.

## GIVI

With over 45 years in the motorcycle sector, and with ideas, innovation and investment, the GIVI brand lives in a world defined by the constant evolution of habits and a way of life that reflects the passion of every motorcyclist, following a vision and business model that have proven very successful.

Today, GIVI is the undisputed leader in a market known for being demanding, with an intrinsic link to the sector's frenetic pace and to the fluctuations of global and local economies.

The highest achievement obtained by GIVI's products is being recognised as every motorcyclist's most trusted travel companions, a bond that the brand proudly represents and which is the real added value of the company. All this has been done by always keeping the same fundamental principles since the beginning: innovation, advanced production technology, strategic investments, international perspectives and absolute commitment to quality.

These are essential characteristics in designing, planning and creating a wide range of suitcases, bags, trunks, accessories and safe, reliable helmets to protect bikers and their luggage, wherever the road takes them.

## EXPLORE

The results achieved by GIVI arise from an open vision, from the courage to broaden one's horizons. Following his passion GIVI has become a leader in the world. Thanks to GIVI, markets have been able to explore new opportunities, high technical content, innovations in security, comfort and style.

The Italian design led to the top the quality experienced by bikers. This is the secret that has developed GIVI's timeless products, unconditionally loved by millions of fans.

## ENJOY

Thrill-seeking is an experience for all bikers. Through continuous research and application of the best technologies, GIVI production allows you to have the best overview for your choice. A choice able to give you enormous satisfaction and to lead to a much more personal goal: that of owning an original way of life.

DISCOVER TRUE PASSION. LIVE AUTHENTIC GIVI.

**I319S**  
MOTORCYCLE  
HELMET INTERCOM  
WITH BLUETOOTH®  
TECHNOLOGY  
AVAILABLE FOR  
GIVI X27  
[see p.142]

SIZES	XS	S	M	L	XL	XXL
CM	54	56	58	60	61	63

**EN WEIGHT:** 1690±50 gr. / 1790±50 gr.

**SHELL:** 2 sizes

**MATERIAL:** Technopolymer

**INNER LINING:**

- Removable inner lining
- Removable cheek pads
- Optimised for use with glasses
- Anallergic fabric

**BUCKLE:** Micrometric system

**HOMOLOGATION:** Double Homologation P/J ECE 22R06

**VISOR:**

- Anti scratch transparent visor
- Smoked sun visor
- Pinlock® Max Vision lens included

**VENTILATION:**

- Upper air ventilation and chin guard
- Rear extractor

**OTHER:**

- Removable Breathguard
- Wind deflector

**ES PESO:** 1690±50 gr. / 1790±50 gr.

**CALOTA:** Dos calotas

**MATERIAL:** Tecnopolímero

**INTERIOR:**

- Interior extraíble
- Almohadillas extraíbles
- Ajuste pensado para el uso de gafas
- Tejido antialérgico

**CIERRE:**

Regulación micrométrica

**HOMOLOGACIÓN:** Homologación doble P/J ECE 22R06

**VISERAS:**

- Visera antiarañazos
- Visera interior ahumada
- Visera preparada para lente Pinlock® Max Vision (incluido)

**SISTEMA DE VENTILACIÓN:**

- Toma de aire superior y una en la mentonera
- Extractor posterior

**OTROS:**

- Para-nariz extraíble
- Paraviento específico

**IT PESO:** 1690±50 gr. / 1790±50 gr.

**CALOTTA:** Doppia

**MATERIALE:** Tecnopolimero

**INTERNI:**

- Interno removibile
- Guancette removibili
- Calzata ottimizzata per uso occhiali
- Tessuto anallergico

**CINTURINO:** Sgancio micrometrico

**OMOLOGAZIONE:** Doppia omologazione P/J ECE 22R06

**VISIERA:**

- Lente Antigraffio
- Visierino interno fumé
- Visiera con predisposizione per lente Pinlock® Max Vision (inclusa)

**AERAZIONE:**

- Presa d'aria superiore e una sulla mentoniera
- Estrattore posteriore

**ALTRO:**

- Paranaso
- Paravento

**FR POIDS:** 1690±50 gr. / 1790±50 gr.

**CALOTTE:** 2 Tailles

**MATIÈRE:** Technopolymère

**REVÊTEMENT INTERNE:**

- Doublure intérieure amovible
- Coussinets de joues amovibles
- Ajustement optimisé pour le port de lunettes
- Tissu anallergique

**SYSTÈME D'ACCROCHE:** Système micrométrique

**HOMOLOGATION:** Double Homologation P/J ECE 22R06

**VISIÈRE:**

- Écran antirayure
- Écran interne fumé
- Écran prédisposé à recevoir un écran Pinlock® Max Vision (inclus)

**AÉRATION:**

- Une prise d'air supérieure et une sur le menton
- Un extracteur arrière

**DIVERS:**

- Protège nez amovible
- Déflecteur stop vent

**DE GEWICHT:** 1690±50 gr. / 1790±50 gr.

**SCHALEN:** 2 Schalen

**MATERIAL:** Technopolymer

**INNENFUTTER:**

- Austauschbares Innenfutter
- Austauschbare Wangenpolster
- Optimierte zum Tragen mit einer Brille
- Antiallergischer Stoff

**SCHNALLE:**

Mikrometrische Schnalle

**ZULASSUNG:**

Doppelte Zulassung P/J ECE 22R06

**VISIER:**

- Kratzfestes Visier
- Kratzfeste Sonnenblende
- Kratzfestes Visier transparent vorbereitet für Pinlock® Max Vision (im Lieferumfang)

**BELÜFTUNG:**

- Eine auf der Oberschale und eine im Kinnbereich
- Eine hinterer Luftauslass

**WEITERE INFORMATIONEN:**

- Entfernbare Nasenschutz
- Windabweiser

**CALOTA:** Dos calotas

**MATERIAL:** Tecnopolímero

**INTERIOR:**

- Interior extraíble
- Almohadillas extraíbles
- Ajuste pensado para el uso de gafas
- Tejido antialérgico

**CIERRE:**

Regulación micrométrica

**HOMOLOGACIÓN:** Homologación doble P/J ECE 22R06

**VISERAS:**

- Visera antiarañazos
- Visera interior ahumada
- Visera preparada para lente Pinlock® 30 (incluido)

**SISTEMA DE VENTILACIÓN:**

- Toma de aire superior y una en la mentonera
- Extractor posterior

**OTROS:**

- Para-nariz extraíble
- Paraviento específico

**IT PESO:** ca. 1690±50 gr. / ca. 1750±50 gr.

**CALOTTA:** Doppia

**MATERIALE:** Tecnopolimero

**INTERNI:**

- Interno removibile
- Guancette removibili
- Calzata ottimizzata per uso occhiali
- Tessuto anallergico

**CINTURINO:** Sgancio micrometrico

**OMOLOGAZIONE:** Doppia omologazione P/J ECE 22R06

**VISIERA:**

- Lente Antigraffio
- Visierino interno fumé
- Visiera con predisposizione per lente Pinlock® 30 (inclusa)

**AERAZIONE:**

- Presa d'aria superiore e una sulla mentoniera
- Estrattore posteriore

**ALTRO:**

- Paranaso
- Paravento

**FR POIDS:** env. 1690±50 gr. / env. 1750±50 gr.

**CALOTTE:** 2 Tailles

**MATIÈRE:** Technopolymère

**REVÊTEMENT INTERNE:**

- Doublure intérieure amovible
- Coussinets de joues amovibles
- Ajustement optimisé pour le port de lunettes
- Tissu anallergique

**SYSTÈME D'ACCROCHE:** Système micrométrique

**HOMOLOGATION:** Double Homologation P/J ECE 22R06

**VISIÈRE:**

- Écran antirayure
- Écran interne fumé
- Écran prédisposé à recevoir un écran Pinlock® 30 (inclus)

**AÉRATION:**

- Une prise d'air supérieure et une sur le menton
- Un extracteur arrière

**DIVERS:**

- Protège nez amovible
- Déflecteur stop vent

**DE GEWICHT:** ca. 1690±50 gr. / ca. 1750±50 gr.

**SCHALEN:** 2 Schalen

**MATERIAL:** Technopolymer

**INNENFUTTER:**

- Austauschbares Innenfutter
- Austauschbare Wangenpolster
- Optimierte zum Tragen mit einer Brille
- Antiallergischer Stoff

**SCHNALLE:**

Mikrometrische Schnalle

**ZULASSUNG:**

Doppelte Zulassung P/J ECE 22R06

**VISIER:**

- Kratzfestes Visier
- Kratzfeste Sonnenblende
- Kratzfestes Visier transparent vorbereitet für Pinlock® 30 (im Lieferumfang)

**BELÜFTUNG:**

- Eine auf der Oberschale und eine im Kinnbereich
- Eine hinterer Luftauslass

**WEITERE INFORMATIONEN:**

- Entfernbare Nasenschutz
- Windabweiser

## I319S MOTORCYCLE HELMET INTERCOM

**I319S**  
**MOTORCYCLE**  
**HELMET INTERCOM**  
**WITH BLUETOOTH®**  
**TECHNOLOGY**  
**AVAILABLE ONLY FOR**  
**GIVI X27 / X25**

€ 102,79

IT

I motociclisti sanno quanto sia piacevole condividere l'esperienza su due ruote con altri appassionati: che si tratti del passeggero seduto alle proprie spalle o di compagni di viaggio su moto diverse, la comunicazione rende ogni avventura più memorabile, ma anche più sicura e organizzata. L'interfono Bluetooth® I319S è la scelta perfetta per chi cerca un'esperienza audio di qualità, senza compromessi e senza spendere cifre folli. Gli altoparlanti HD da 32 mm offrono un suono cristallino, anche ad alte velocità, mentre la batteria garantisce un utilizzo continuato fino a 10 ore e la portata permette di rimanere in contatto fino a 400 metri di distanza, con la possibilità di ricaricare il dispositivo anche durante il viaggio, in tutta comodità.

Un altro punto di forza dell'interfono I319S, progettato da Cardo Systems per GIVI, è la sua impermeabilità, che ti consente di affrontare qualsiasi condizione meteo senza preoccupazioni. Inoltre, grazie alla connettività tra marchi diversi, la compatibilità con altri dispositivi non sarà un problema. Viaggi spesso in solitaria? I319S ha la radio FM integrata e può essere connesso al tuo smartphone, per ascoltare le tue playlist preferite. Tra gli altri vantaggi dell'interfono GIVI troviamo aggiornamenti software wireless e volume automatico che si adatta al rumore ambientale. Il tutto è coperto dalla garanzia GIVI di 2 anni, per permetterti di viaggiare in tranquillità e serenità.

## I319S MOTORCYCLE HELMET INTERCOM WITH BLUETOOTH® TECHNOLOGY AVAILABLE ONLY FOR GIVI X27 / X25

€ 102,79

EN

Motorcyclists know just how much fun it is to share their biking adventures with other travellers: whether it's a passenger sharing the saddle behind you or travel companions on their own motorcycles, communication makes every journey not just more memorable, but safer and easier to organise too.

The I319S Bluetooth® intercom is the perfect choice for those who don't want to compromise on a high-quality audio experience, without breaking the bank. The 32-mm HD speakers offer crystal-clear sound, even at high speeds; while in terms of range, users can remain in contact at a distance of up to 400 metres. The battery guarantees up to 10 hours of uninterrupted use, and the device can even be conveniently recharged while travelling.

Another strength of the I319S intercom, designed by Cardo Systems for GIVI, is its impermeability, granting you peace of mind by allowing it to withstand all weather conditions. In addition, connectivity between different brands means that compatibility with other devices will never be an issue.

And for those who enjoy travelling solo, the I319S has a built-in FM radio which can be easily linked to your smartphone, so you can listen to your favourite playlists. The advantages of the GIVI intercom include, among other things, wireless software updates and automatic volume that adapts to the environmental noise level. Everything is covered by the 2-year GIVI warranty, so you can travel worry-free.

ES

Los motociclistas saben lo bonito que es compartir la experiencia a dos ruedas con otros aficionados: tanto si es un pasajero que va sentado detrás como compañeros de viaje a bordo de otras motos, la comunicación mejora cualquier aventura, pero también aporta más seguridad y organización.

El interfono Bluetooth® I319S es la opción perfecta para quien busca una experiencia auditiva de calidad, sin concesiones y sin pagar precios absurdos. Los altavoces HD de 32 mm ofrecen un sonido nítido incluso a altas velocidades, mientras que la batería permite un uso continuado de hasta 10 horas y el alcance es capaz de mantener el contacto hasta a 400 metros de distancia, con la posibilidad de cargar el dispositivo incluso durante el viaje, con total comodidad.

Otro punto fuerte del interfono I319S, diseñado por Cardo Systems para GIVI, es su capacidad de resistencia al agua, que permite enfrentarse a cualquier condición climatológica sin preocupaciones. Además, gracias a la conectividad entre diferentes marcas, no hay problemas de compatibilidad con los demás dispositivos.

¿Sueles viajar en solitario? El I319S tiene una radio FM integrada y se puede conectar a tu smartphone para escuchar tus playlist preferidas. Otras ventajas del interfono GIVI son las actualizaciones inalámbricas del software y el ajuste automático del volumen, que se adapta al ruido ambiental. Todo ello está cubierto por la garantía GIVI de 2 años, para que viajes con total tranquilidad y calma.

FR

Les motocyclistes savent combien il est agréable de partager l'expérience des deux-roues avec d'autres passionnés : qu'il s'agisse du passager assis derrière ou de compagnons de voyage sur d'autres motos, la communication rend toute aventure plus mémorable, mais aussi plus sûre et mieux organisée.

L'interphone Bluetooth® I319S est le choix parfait pour ceux qui recherchent une expérience audio de qualité, sans compromis et sans dépenses folles. Les haut-parleurs HD de 32 mm offrent un son cristallin, même à haute vitesse, tandis que la batterie garantit une utilisation continue de 10 heures maximum et la portée permet de rester en contact jusqu'à 400 mètres, avec la possibilité très pratique de recharger l'appareil même pendant le voyage.

Un autre point fort de l'interphone I319S, conçu par Cardo Systems pour GIVI, est son étanchéité, qui permet d'affronter sans soucis toutes les conditions météorologiques. De plus, grâce à la connectivité multimarque, la compatibilité avec d'autres appareils ne sera pas un problème.

Vous voyagez souvent seul ? L'I319S dispose d'une radio FM intégrée et peut être connecté à votre smartphone pour écouter vos listes de lecture préférées. Parmi les autres avantages de l'interphone GIVI, citons les mises à jour logicielles sans fil et le volume automatique qui s'adapte au bruit ambiant. Le tout est couvert par la garantie GIVI de 2 ans, pour vous permettre de voyager en toute tranquillité et sérénité.

DE

Motorradfahrer wissen, wie schön es ist, das Fahrerlebnis mit anderen Motorradliebhabern zu teilen: Sei es mit einem Sozios oder mit Reisegefährten auf verschiedenen Motorrädern – Kommunikation macht jedes Abenteuer unvergesslicher, aber auch sicherer und organisierter.

Die Bluetooth®-Sprechanlage I319S ist die perfekte Wahl für alle, die ein hochwertiges Hörerlebnis ohne Kompromisse suchen und keine Unsummen ausgeben möchten. Die 32-mm-HD-Lautsprecher beeindruckend durch kristallklaren Klang, auch bei hohen Geschwindigkeiten. Der Akku garantiert bis zu 10 Stunden ununterbrochene Nutzung und die Reichweite ermöglicht den Kontakt in bis zu 400 Metern Entfernung. Das Gerät lässt sich zudem während der Fahrt bequem wieder aufladen.

Eine weitere Stärke der von Cardo Systems für GIVI entwickelten Sprechanlage I319S ist ihre Wasserdichtigkeit, d. h. Sie können es unbesorgt mit allen Witterungsbedingungen aufnehmen. Und dank der markenübergreifenden Konnektivität ist auch die Kompatibilität mit anderen Geräten kein Problem.

Sind Sie oft allein unterwegs? I319S verfügt über ein eingebautes FM-Radio und kann mit Ihrem Smartphone verbunden werden, so dass Sie Ihre Lieblings-Playlists hören können. Weitere Vorteile der GIVI-Sprechanlage sind kabellose Software-Updates und automatische Lautstärkeanpassung an die Umgebungsgläusche. All dies ist durch die 2-Jahres-Garantie von GIVI abgedeckt, so dass Sie unbesorgt reisen können.

# CONDITION OF SALE

## Definitions and Interpretation

(a) For the purpose of these General Conditions of Sale, the following words and terms shall have the meaning set forth below:

- "Supplier" means GIVI S.P.A., having its registered office in Flero (BS), Via Ungaretti n. 48;
- "Products" means the goods and/or services supplied by GIVI S.P.A. and covered by these General Conditions of Sale;
- "Trademark[s]" means "GIVI" trademarks and other trademarks of which the Supplier is the owner in respect of the Products;
- "Distributor[s]" means any natural or legal person purchasing the Products for the purpose of their distribution, in accordance with these General Conditions of Sale;
- "Price List" means the official price list containing the Products' prices applied by the Supplier to the Distributor, in force at the time of the order proposal;
- "Territory" means the territory where the Distributor is authorized to sell the Products;
- "Agreement" means any agreement entered into by and between the Supplier and the Distributor in accordance with these General Conditions of Sale.

(b) These General Conditions of Sale shall govern the supply of the Products represented in the Price List and they shall be valid for any sale arrangements carried out through the Supplier's e-commerce platform. Use of the e-commerce platform (i.e. "GIVI Web-Order") shall be allowed exclusively to the Distributors expressly authorized by the Supplier and provided with the required password and credentials.

(c) It will not be possible to proceed to an order reservation if only one single provision of the present General Conditions of Sale will not be accepted.

(d) The following terms and conditions are deemed to be accepted and binding for the Distributor even when the Distributor submits his order proposal through a means different from the "GIVI Web-Order" system and they will be valid also when the contractual proposal has been submitted to the Supplier by the Distributor's local agent on his behalf. In such case the local agent will be authorized to submit the orders on the Distributor's behalf, after the Distributor's first acceptance of these General Conditions of Sale.

## 1. Scope

1.1 These General Conditions of Sale shall apply to any supply of the Products carried out by the Supplier.

1.2 These terms of business shall apply exclusively to any Agreement entered into by and between the Supplier and the Distributor; any Distributor's conditions that conflict with or differ from these terms of business will not be recognized unless the Supplier has specifically agreed to this in writing.

1.3 These General Conditions of Sale and the Agreement shall be irrevocable for the Distributor.

1.4 In the absence of a written complaint of non-conformity by the Distributor within 30 (thirty) days from the receipt of the Products, the deliveries dispatched by the Supplier are deemed to be fully accepted, despite differing from what indicated in the order confirmation with regard to the Products' types, quantity or commercial conditions.

## 2. Orders and Specifications

2.1 The range shown on the Supplier's web-site, "Web-Order" system and online or printed catalogue does not represent a legally binding offer but a non-binding online or printed catalogue.

2.2 The Distributor will order the Products required by accessing the reserved "Web-Order" area or via fax/e-mail. Submission of an order proposal by the Distributor implies the consent to receive the Supplier's communications described below which are exclusively aimed to the conclusion and the performance of the Agreement. No order submitted by the Distributor shall be deemed to be accepted by the Supplier unless and until confirmed in writing by the Supplier. Once the order proposal has been received, the Supplier will transmit his order confirmation to the Distributor at the e-mail address indicated by the Distributor that will be then assigned an Order Protocol Number to be used for any subsequent communication with the Supplier. Confirmed orders will be accessible through the Distributor's personal "Web-Order" area.

2.3 Any purchase order placed by the Distributor shall be intended as full and complete acceptance of the present General Conditions of Sale that the Distributor declares to have read and understood.

2.4 The Supplier reserves the right to refuse an order fully or partially according to stock availability, production capability and delivery date required by the Distributor.

## 3. Prices, Invoice, Payment

3.1 Prices to be paid by the Distributor to the Supplier for the Products are those resulting from the Price List, as established by the Supplier from time to time. All prices are in Euro (VAT is not due, therefore not included) and can be subject to modification with a 15-day prior notice from the Supplier. All prices are intended for Products delivered EX-WORKS "Incoterms® ICC 2010" (from our warehouse in Barbariga, Italy).

3.2 Invoices must be paid within their expiry date. In case one or more invoices are expired and remain unpaid, or the maximum exposure limit is reached or exceeded, the Supplier shall be entitled to suspend any further deliveries to the Distributor until the overdue payment is received in full. Payments received need to be confirmed by the Supplier's Bank, when credited on the Supplier's bank account.

3.3 In case of delayed payment or non-payment, without prejudice to any other right or remedy available, the Supplier shall be entitled to apply default interests on arrears as established by "Decreto Legislativo n. 231/2002" (Legislative Decree n. 231/2002) and expenses at the bank rates in force from time to time.

## 4. Packaging and Shipment

4.1 A packaging cost contribution is charged by the Supplier in each invoice and calculated based on the number of cartons needed to contain and protect the Products during the transportation.

4.2 Transport is entrusted to third parties if not specified to the contrary from time to time. Shipments are not prepared on pallets unless specifically requested by the Distributor. The cost of the pallets, if used, is charged by the Supplier on the invoice to the Distributor. In any case, shipments will be at the risk of the Distributor, which will also incur all the relevant costs.

4.3 Transport obligations, costs and risks are transferred from the Supplier to the Distributor when the Products are at the disposal of the Distributor at the Supplier's warehouse.

## 5. DELIVERY OF THE PRODUCTS

5.1 The Distributor and the Supplier agree and acknowledge that the place of delivery of the Products is at the Supplier's logistic centre in Barbariga (BS), Italy.

5.2 No claim for missing or damaged Products can be accepted by the Supplier past 8 (eight) days after the delivery of the Products.

5.3 Time of delivery is not of the essence. The Supplier will do every effort to meet the delivery time requested by the Distributor in the order, provided that in no case the Supplier shall be liable for any delay that may occur in fulfilling accepted orders, except for its gross negligence or willful misconduct.

## 6. Custom Duties and Licenses

6.1 The Distributor will be liable for import custom duties, if applicable in his Country, and for any other amounts payable in connection with importation and delivery of the Products.

6.2 The Distributor shall be responsible for obtaining any necessary import licenses, permits or authorization necessary for importation and delivery of the Products.

## 7. Order cancellation

7.1 No order which has been accepted and confirmed by the Supplier may be cancelled by the Distributor except with the agreement in writing of the Supplier and on terms that the request for order cancellation shall be submitted by the Distributor before the start of the shipment preparation. In case the order is cancelled after the shipment preparation has started, the Supplier will be entitled to invoice to the Distributor the costs incurred by the Supplier.

## 8. Property and Custody

8.1 Notwithstanding delivery and the passing of risk in the Products, the property in the Products shall not pass to the Distributor until the Supplier has received payment in full of the price of the Products and the Distributor has fully performed all of the terms and conditions hereof.

8.2 Before transfer of ownership, the Distributor will only be entitled to these Products with the prior written approval of the Supplier. If a third party seizes the Products, particularly if the Products are impounded, the Distributor must inform the Supplier immediately in writing and also point out to the third party immediately that the Supplier has proprietary rights.

8.3 Until payment in full of the price, the Distributor shall be liable for the risks related to the custody and preservation of the purchased Products.

### 9. Returns

9.1 Products may be returned to the Supplier in case of shipping irregularities, defects at the source or caused by transport, defects falling within the warranty terms. Returns shall be previously authorized by the Supplier's competent office. No Products will be accepted for credit when returned without the written permission of the Supplier. No Products will be accepted for credit after 1 (one) year from the date of shipment.

9.2 Should the written permission be given the Products must be returned to the Supplier at the Distributor's costs, save where otherwise agreed. The authorization number released by the Supplier's competent office must be shown in the transport document together with the number of the original invoice concerning the item being returned.

9.3 The Supplier undertakes to withdraw or replace: a) Products erroneously delivered to the Distributor under the direct responsibility of its personnel assigned to shipments; b) original defective items/components, or items/components damaged by transport, provided that the defect has been denounced within 15 (fifteen) days from the receipt of the Products; c) defective items/components falling within the warranty terms.

9.4 Any returns not complying with the abovementioned conditions will be treated as a repair bill with application of the relative fares.

### 10. Warranties and Liability

10.1 The warranty period is 24 (twenty-four) months and begins when the Products are handed over to the final user.

Defects in the Products will be corrected by the Supplier after being informed of this by the Distributor within this warranty period, provided that the defective Products have been correctly used in a way compatible with the instructions contained in the Instruction Manual. The Supplier will decide whether to replace or repair the Products and inform the Distributor accordingly. In case of breakage falling within the warranty terms, only the component considered to be defective will be replaced, not the entire item. The Supplier shall have no further liability towards the Distributor.

10.2 Every claim must be notified by the Distributor to the Supplier using the Warranty Claim Form provided by the Supplier, with description of the fault and pictures showing and proving the claimed defect.

10.3 The Supplier shall be under no liability in respect of any defect arising from fair wear and tear, willful damage, negligence, abnormal working conditions, failure to follow the Supplier's instructions, whether oral or in writing, misuse or alteration of the Products without the Supplier's approval.

10.4 If the complaint is unfounded the Supplier reserves the right to claim reimbursement of the costs incurred from the Distributor, if any.

10.5 The Supplier shall be under no liability under the above warranty (or any other warranty, condition or guarantee) if the total price for the Products has not been paid by the due date for payment.

10.6 Except in respect of death or personal injury caused by the Supplier's negligence, the Supplier shall not be liable to the Distributor by reason of any representation, unless fraudulent, or any implied warranty, condition or other term, or any duty at common law, or under the express terms of the present General Conditions of Sale, for any indirect, special or consequential loss or damage, whether for loss of profit or otherwise, costs, expenses or other claims for compensation whatsoever (whether caused by the negligence of the Supplier, its employees or agents or otherwise) which arise out of or in connection with the supply of the Products or their use or resale by the Distributor, and the entire liability of the Supplier under or in connection with the sale of the Products shall not exceed the price of the Products, except as expressly provided in these General Conditions of Sale.

10.7 The Supplier shall not be liable to the Distributor or be deemed to be in breach of these General Conditions of Sale by reason of any delay in performing, or any failure to perform, any of the Supplier's obligations in relation to the Products, if the delay or failure was due to any cause beyond the Supplier's reasonable control.

### 11. Distributor's Undertakings

11.1 The Distributor agrees and undertakes to sell the Products in his own name and on his own account. The Distributor shall have no authority to conclude agreements in the Supplier's behalf or to bind the Supplier towards third parties in any way. In the performance of his activities, the Distributor

undertakes to act diligently, by maintaining an appropriate conduct in order to ensure compliance with the obligations arising out of these General Conditions of Sale and to preserve the quality and reputation of the Products.

11.2 The Distributor undertakes to sell the Products only within the Territory. In particular, the Distributor undertakes not to actively sell the Products in territories reserved by the Supplier to himself or to other distributors on an exclusive basis, however it being understood that the Distributor shall have the right to fulfil orders it has not solicited, even if they come from customers residing outside the Territory. In this regard, the Distributor declares to be aware that the Products subject to these General Conditions of Sale, as included in the Price List, are designed in accordance with the legislation in force in the Territory: it follows that the possible entry of the Products in markets outside the Territory may be in contrast with the laws of these Countries. In case of non-compliance with the commitments provided by this article, the Distributor assumes sole and full liability for any resulting damage and/or claim for compensation, thus totally declining the Supplier from any related responsibility.

11.3 The Distributor is free to determine the resale price of the Products, without prejudice to the Supplier's faculty to recommend a non-binding price. The Distributor agrees to use his best endeavors to promote and sell the Products, also via e-commerce platforms, in line with the Supplier's qualitative standards, in a way capable of preserving the value of the Trademarks and the technical features, prestige and reputation of the Products.

### 12. Use of Trademarks, Confidentiality, Promotional activities

12.1 The Distributor acknowledges that the Trademarks and other related rights are the sole property of the Supplier. Therefore, the Distributor acknowledges and accepts that only the Supplier is entitled to apply for registration of the Trademarks or of the correspondent trade names, and undertakes not to register in the future any trademark or trade name which may be considered similar to any of the Supplier's Trademarks or trade names to the extent that it may create confusion among the customers.

12.2 The Distributor undertakes to immediately bring to the notice of the Supplier any improper or wrongful use of the Trademarks or infringement of the Supplier's industrial and/or intellectual property rights, as well as any act of unfair competition.

12.3 The Distributor undertakes to observe total confidentiality and to abstain from using and/or divulging, also after termination of the Agreement, any commercial secrets and information of a confidential nature concerning the Supplier and the Products, exchanged during the contractual relationship between the Supplier and the Distributor.

12.4 The Distributor shall submit to the Supplier all promotional-advertising initiatives regarding the Products for his prior written approval. In any case, any advertising or promotional operations – including attendance at fairs and exhibitions – must be submitted to the Supplier in advance to assess their compatibility with the Supplier's sale and image policy.

### 13. Termination of the Agreement

13.1 The Supplier may terminate the Agreement with immediate effect by written notice to the Distributor, in the event of violation of any of the following provisions: 3.3; 8; 10; 11.2; 12; 16.2.

13.2 Any relaxation, leniency or indulgence which the Supplier may extend to the Distributor shall not in any way constitute a waiver of the Supplier's rights in terms hereof.

### 14. Data protection

14.1 If it has not been agreed to the contrary, the Supplier will only use the Distributor's data in order to carry out the Agreement. The Distributor's permission is required to use this information for market and opinion research and for advertising.

### 15. Term

15.1 These General Conditions of Sale shall be effective as of the date of signature by the Distributor and they will apply to any subsequent transactions between the Supplier and the Distributor.

### 16. MISCELLANEOUS

16.1 Changes and amendments to these General Conditions of Sale must be in writing to be effective. There are no verbal secondary agreements.

16.2 If it has not been agreed to the contrary, the Distributor may not transfer rights and obligations derived from the Agreement to a third party without the Supplier's prior written consent.

16.3 If any provision of these General Conditions of Sale is or becomes invalid or unenforceable in whole or in part, the other provisions and the remainder of the provision in question shall not be affected. The contractual partners will agree to replace the invalid provision with a valid one that best corresponds to the economic aims of the contractual parties.

16.4 The present General Conditions of Sale and the Agreement are governed by the laws of Italy.

16.5 The competent courts of the place where the Supplier has his registered office (Brescia, Italy) shall have exclusive jurisdiction in any action arising out of or in connection with these General Conditions of Sale and with the Agreement. However, as an exception to the principle here above, the Supplier is in any case entitled to bring his action before the competent court of the place where the Distributor has his registered office. Should the Distributor have his seat out of the EU, all disputes arising out of or in connection with the present General Conditions of Sale shall be finally settled

under the Rules of Arbitration of the Chamber of Arbitration of Milan by one or more arbitrators appointed in accordance with the said Rules.

#### Final Provisions

(a) The Supplier is under no responsibility in respect of completeness, correctness and updating of the Price List and the catalogues;

(b) The Supplier reserves the right to modify, add or remove any of the represented Products without any prior notice;

(c) Notwithstanding the Supplier's performance of tests and safety controls over the Products, the Supplier cannot guarantee compliance of the Products with the prescriptions or installation limits actually or potentially provided by the laws of certain Countries. It shall therefore be in the Distributor's exclusive liability to verify the conformity of the Products and of their installations to the laws of his Country or any other Country, thereby declining the Supplier from any related responsibility.

(d) Installation of our specific articles for motor vehicles is guaranteed only if the vehicle is not provided with after-market accessories or original optional accessories of the production company.
